

Free & Confidential Anti-Violence Hotline

Alternate Name:

Category: [Safety from Violence](#)

Organization:

Description: Call 1-800-980-6114 Mon-Fri 9-8 or Sat-Sun 12-4 to speak confidentially to a case manager. Through our Anti-Violence Program, we work to end partner violence, create equitable relationships, and revolutionize gendered discussions. We partner with the New York City Family Justice Centers to serve survivors of domestic and gender-based violence, dating violence, sexual assault, and trafficking. Our Case Managers are there for survivors of violence during times of crisis, helping them process emotions and build safety plans and providing legal advocacy, court accompaniments, translation services, assistance with Orders of Protection, and referrals for other services, as needed.
