

Digital Resource Map by and for Transgender, Non-binary and/or Intersex People

Alternate Name:

Category: [Additional Resource Libraries](#), [Medical](#), [Mental & Behavioral Health](#), [Social Service Guidance \(e.g. support filing for unemployment\)](#), [Safety from Violence](#)

Organization:

Description: TransAtlas is a map-based guide to community organizations, agencies and spaces across the 5 boroughs of New York City, made by and for people of transgender, non-binary and/or intersex experience. Drawn from Callen-Lorde's Transgender Resource guide and Surgeon guide, and made by a team of transgender folks, TransAtlas maps hundreds of services and organizations across the 5 boroughs where TGNB folks can find trans-competent and friendly resources to help with anything from primary care to hair removal, addiction support, and religious institutions. You can search through dozens of surgeons, therapists, dentists, lawyers, barbers, case managers and more.
