

Free Water Testing Kits

Alternate Name:

Category: [Food](#), [Social Service Guidance \(e.g. support filing for unemployment\)](#)

Organization:

Description: Fill out the request form to receive a free kit to test your drinking water for lead. The kit comes with a pre-paid label to send it to a laboratory for lead analysis, and the results will be mailed to you within 30 days of the sample being tested. Limited to one per household at a time.
