

La Cancha Sana Community Center

Alternate Name:

Category: [Disaster Response](#)

Organization:

Description: In partnership with the Las Marías Municipality, Plenitud PR operates La Cancha Sana, a community center just down the road from our farm in Western Puerto Rico. This space serves as a resiliency hub in times of emergency, providing essential services such as drinkable rainwater, fresh food and solar electricity. It also provides a space for people to gather outdoors and participate in educational workshops and activities. In the aftermath of Hurricane Fiona, La Cancha Sana is activated for the needs of the most vulnerable.
