

# Support Groups for Gender-Expansive Children, Transgender Adolescents, Their Families & Communities

**Alternate Name:**

**Category:** [Mental & Behavioral Health](#)

**Organization:**

**Description:** The Gender & Family Project (GFP) of the Ackerman Institute offers a variety of support groups in addition to other services. There are groups for children 5-10 years old, for gender expansive and transgender adolescents, for siblings, and for caregivers and family members. Support groups take place once per month with no obligation to attend consecutively, and they cost from \$5 up on a sliding scale. Services are 100% virtual and will not be in-person again until winter 2022.
